

Assessment schedule: Skill Standard 40544

Learners must complete a BCATS project, or related tasks as part of a group, to be awarded this skill standard. Examples of suitable level 1 projects can be found in the BCATS Programme Guidance document.

The schedule below shows the evidence required for assessment criteria in the skill standard, guidance for the teacher and judgement statement/s.

Note: teacher observations and comments made in the assessment resource serve as key evidence requirements for each skill standard. All guidance below is intended to support the teacher's observations/comments.

Learning outcome	Evidence required	Teacher guidance (to be used in accordance with commentary in the Programme Guidance document)	Judgement statement
Carry out construction processes for a BCATS project or related tasks.	<i>Project reflection</i> worksheet completed in the Construction processes assessment resource.	Project reflection must identify strengths and weaknesses based on the finished project. Areas of improvement for future projects may include attention to detail, use of tools, tolerances, etc.	Evidence must meet the minimum of Achieved criteria as outlined in the Waihangā Ara Rau BCATS Programme Guidance document – SS 40544. Comments related to the award of higher grades must reflect commentary in the Programme Guidance.
	Photos that clearly show the finish and detail of the completed project.	Photos must clearly show detail on the finished project, so it is clear which finishing processes have been used.	
	Copy of the project instructions.	The project instructions are provided as a means of recognising the intended project and comparing it with the result at the end of the construction process.
